

I am pleased to inform you of a life insurance solution available that may be the right fit for your situation. This plan does not require a medical test or doctor's report or if you may have been declined life insurance in the past. It is specifically for those who have serious medical issues and may find that it is not possible to get life insurance coverage elsewhere.

With Guaranteed Acceptance you will not be turned down for coverage - it is a simple, permanent life insurance solution - no matter your health condition. It is generally purchased to cover final expenses by individuals who are not eligible for other plans of life insurance. The coverage amount will never decrease for the life of the policy and premiums are guaranteed not to change as well.

If you are between the ages of 18 to 75, coverage is available up to \$50,000. The full coverage amount is payable if death occurs after two years or anytime if cause of death is accidental. The death benefit is limited to a return of premiums if death occurs by other than accidental means in the first two years.

You are guaranteed coverage regardless of your health condition – giving you peace of mind. Guaranteed Acceptance is available through Canada Protection Plan, a leading provider in No Medical and Simplified Issue Life Insurance. And, payments start in the second month – applicable on monthly payment plans only. I am happy to answer any questions that you may have. I have enclosed a brochure for you to review.
